Foreword

It's my pleasure and privilege of sharing the developments at ILP during the year 2010-11. Though there are struggles in every one's life, some children are put to hardship in their tender age, made to work, witness family disputes, brought up by single parent, parents migrate for employment and their education is stopped with that and so on. For some children in remote tribal packets, going to school itself is a task, no one to guide them, face the social stigmas there in the school – sometimes even by the teacher, no role model in the society to follow, need for education or importance of education is not felt and so on and so forth. In this context, it has been yet another, wonderful year working with these kind children again, on their struggle towards their fundamental right - education.

Though Right to Education was formalized through a law w.e.f. 1 April 2010, only handful of states has worked on their Rules. While there is a long way in making the enacted law to become child friendly, enforcement by states are taking its own sweet time in the given socio-political milieu of Indian context. ILP is working only on mainstreaming and convergence as a strategy and motivating its partners to work more on advocacy, lobbying and policy changes precisely for the reason that our children do have a right and the states do have a duty to serve. Either through our volunteers or through our partners, let us strive further to get the rules formed and make the act and rules work in tandem to ensure children their fundamental right of getting quality education.

ILP Bangalore Volunteers worked towards conceptual framework of “Multi Dimensional Learning Space” MDLS – packaging all earlier inputs such as community libraries, reading skill leveling of children, scholarships, life skills, exposure visits and out of class learning. There were lot of discussions, debates, struggles and concerns that are expressed in the process – all aiming at proving a workable, innovative model of working with children. In the current year 2011-12, two MDLS are opened at Magadi and Gubbi, with the serious of thoughts, meetings and planning that had gone in the year 2010-11.

In the partnership front, we had 4 new partners at the beginning of the academic year 2010. Of this, 2 are from Orissa (Pragati in Sundergarh District and Ganeswar Club in Dhenkenal district) and 2 are from MP (Rachna and RDSS). With this, our partners' strength in BIMARU region is increasing. Operations in most backward tribal regions of Orissa are also worth mentioning. ILP US Volunteers visited Orissa interventions and felt what we mean by remote and also how societies are backward due to lack of education. RDSS work was mainly on skill training and vocational education aspects. Similarly, more spade work has also been done to increase the spread and work of ILP in Jharkhand and Bihar states. Some 16 Proposals have been received and about 6 of them were shortlisted and visited for Pre funding assessment. Three of them are considered for induction during the current year and one is kept in wait list for mandatory requirements.

ILP also tapped resources from many Corporate like HP, EMC, Juniper and also some foundations like Dining for Women and so on. We want children to enjoy their childhood, get education and how education as a process can be made more meaningful. We whole heartedly thank ILP US Volunteers who contribute their time, energy and resources, donors, partner NGOs, volunteers, corporate, associates, staff, consultants and well wishers who have been unstinted in rendering their cooperation and making our dream as theirs.

Multi Dimensional Learning Space (MDLS)...

ILP has been working on Scholarships, assisting Community libraries and also had several activities with the children those who are supported through Community libraries and Scholarships like exposure visits, art camps and so on. During the year 2010-11, there have been several discussions in modifying and conceptualizing the same in to a single program called Multi Dimensional Learning. Slowly MDL has been moved in as MDLS - it becomes a space for children where they come, enjoy, learn and improve themselves.

Multi-Dimensional Learning Space (MDLS)

ILP's Multi-dimensional Learning Space (MDLS) is an after-school open learning space that provides experiential learning opportunities for high school students to explore, experiment, discover, and learn in multiple ways. MDLS improves learning competencies, and equips students with academic and life-skills. MDLS also provides students exposure to a wide variety of areas beyond the school curriculum.

The Vision: MDLS is to offer a wide variety of academic inputs and non-academic exposure to children from an early age so that they do well not only in studies, but also learn about themselves, their interests, talents and abilities so that they can take ownership of their lives with awareness, with confidence, and rise above challenging life situations, and march ahead to realize their life's dreams. MDLS hopes to bring about individuals who are capable, confident, inquisitive, creative, value aware, peace-loving, happy, balanced and responsible individuals who will become change agents in the society.

ILP continued its Scholarship programme as a measure to support those children from marginalized communities who are in difficulties to continue their High school education due to the fact that High school education is not free of cost. Secondly, high schools are situated at far-off places and reaching these schools is not affordable to these families because of their very low income.

The basic philosophy of ILP is to demand the state to make high school education free and compulsory and use the learning of the scholarship process to make a case for the poor children with facts and figures. ILP as an organization will have to involve in the process of Advocacy to realize the fruits of Right to Education, but till such time it is realized and implemented by the Government, committed and well being individuals would contribute in the process of providing these scholarships for which ILP would serve as a platform or enabler.

In Karnataka, we realized that there is huge dropout during the transition from VII to VIII Std and that is precisely the reason for supporting this scholarship for VIII to X Std students.

Once selected, the students are normally covered for scholarship for a period of three years i.e. till they complete their school education i.e. X Std.

During the academic year 2010-11, ILP extended the support to 153 children from 4 districts - Bangalore Urban, Bangalore Rural, Raichur, and Davangere in Karnataka and Ranga Reddy District in AP. ILP works through partnerships with other NGOs who have presence at the grass root level and working on education, child rights and related issues for the purpose of reaching out to deserving children in rural and remote areas.

Academic Results of the Students:

ILP supported 50 students in 10th std. under its ILP Puraskara scholarship program for the year 2010-11. 47 students appeared for SSLC exams this year and we got the results of 44 students. Their performance has been very heartening and inspiring.

The pass percentage is 90%, 2 securing distinction, 18 with first class and 11 with second class, 9 pass class!!! Irrespective of their ranks and distinctions their accomplishments are important for all of us because all these children have done themselves proud against all odds. Just look at the case of one girl student from Magadi (Bangalore Rural), who was a domestic help, abandoned by her parents at the age of 11, rescued by APSA, Bangalore and studied her high school at the Government Girls School, Magadi, under the care of Chiguru in their Special Hostel for Girls. Never having gone to school until 11, she has got a First Class in her 10th Std (452 Marks 72.3%)!

Karthik, (Peenya Govt. High School) who scored an impressive 93.44% and Veeresh, (Sri Maheshwara High School, Harapanahalli, Davangere), with 90.72% are examples of the potential these students have. Given the right support they will excel in their chosen fields.

We acknowledge the support we received from SVYM for the crash coaching camp at Magadi. Before we started SVYM module at Magadi with Chiguru, out of 11 students only 1

had passed in Maths, 6 passed in science and 5 passed in English. After the SVYM Learning module used for 2 months 7 passed out with First Class and 4 with pass class.

ILP Summer Camp for Scholarship Students:

ILP volunteers have been conducting half-a-day summer camp for the scholarship students of Akkiappa Garden and Sunnadagudu community libraries who are in 8th and 9th standards. The camp focuses on hands-on-learning in Science, Maths, English and Life coping skills. The camp's facilitators are - Kiran, Usha, Harish, Shanmugam, Vadiraj and Joshi from Indian Institute of Science. One of our brilliant scholarship students - Shambulinga

who is in II PUC is also anchoring this camp which is very heartening.

School Bags Distribution: ILP PURASKARA Scholarship program for this academic year (2010 -11) two of our partners have organized school bags (donated by Farnell India) distribution programs on 24th July 2010 at Chiguru, Magadi and 25th July 2010 at DSF, Bangalore totally 133 school bags distributed to our scholarship program.

Dasara academic basic foundation camp: ILP conducted 3 days Dasara Academic basic foundation camp – Maths, Science, Social Science and English for the scholarship students at Magadi who are in 7th to 12th standards. The camp focuses on hands-on-learning in Science, Maths, and Social Science.

Life-Coping Skills

Nature Awareness and Adventure Camp: ILP conducted a 2 day nature and adventure camp for our scholarship children at Guru Freddy's Nature Awareness & Adventure Academy on the 23rd and 24th of October 2010. Totally 47 children (In that 32 from Magadi and 15 from Yeshwanthpura, Bangalore Urban) and 7 staff and Volunteers participated in the camp and took part in trekking (6 kms), cave exploration, rock climbing, rappelling, river crossing and a variety of obstacle crossing exercises - including crossing an 8-foot wall, long jump, Tarzan swing, tyre crossing, crawling under a fence, etc.

Career Guidance Workshop on 23rd at Bangalore and 26th at Davanagere: ILP conducted 2 career guidance workshops for X Standard students by partnering with CIGMA Foundation – facilitator is Ameen. The workshops highlighted various career options our scholarship students can explore based on their interest and academic performance. In this workshop, totally 140 students participated (ILP & non scholarship students)

Arivina Mane – The Community Libraries

ILP seeks to establish libraries in the slum communities of Bangalore as we believe that the first step in improving learning levels of children is giving them an opportunity to read. Two community libraries were set up as a pilot project during 2006-07 in lower income neighborhoods in Bangalore North. October 2010 onwards we started fourth and fifth Community libraries in Sanjeevininagara and Bynahalli with Sparsha Trust partnership. We aim to expand this project and reach more children due to the encouraging response it has received.

ILP had taken up the following activities in collaboration with HRF (www.hrfindia.org) in all the libraries:

- Classifying all the books in 6 levels of gradual reading complexity
- Assessing the reading levels of all the children in Kannada and English using cards specifically designed for this.
- Purchasing books recommended by HRF for each of the 6 levels in both English and Kannada.
- Book Base activities & vibrant activities.

Good work done by ILP during the year 2010-11 with community libraries enabled us to bag HRF Annual awards 2011 for the Best Reviewer Award 2011 to individual - Harish of ILP and Best Networking Team Award 2011 for ILP.

Dhwani Trust (www.dhwanitrust.org) is an Educational Resource Centre and provides supplementary learning known as subject Enrichment materials to Kannada language and Social Studies. These were used by ILP in the Community Libraries and also suggested by ILP for use by its partners in their working areas.

CLT India (www.cltindia.org) under its - e-Patashale program provides soft copies of learning support materials based on Karnataka state syllabus from 5th Standard to 7th Standard.

64th Independence Day Celebration in ILP Libraries:

Sunnadagoodu and Akkiappa Garden Library children celebrated 64th Independence Day. Library children organized 64th Independence Day on 14th Saturday afternoon both centers as children had to celebrate Independence Day 15th in their schools also. We organized

Drawing competition for 130 children in both the centers theme was Independence Day. Some children had drawn Indian flag, map, freedom fighters pictures. Some children spoke about our freedom fighters.

Christmas celebration at ILP community libraries:

Library children celebrated Merry Christmas and also they celebrated Kiran Kumar (ILP trustee) birthday event on 25th of Dec. It was a fun-filled and an enjoyable evening with colourful decorations, songs and cake cutting. Gifts were also distributed from one of our volunteers Monica to 60 students etc.

DREAM A LITTLE DREAM ART CAMPS:

One of the ILP Volunteers, Reena Chowdhury (Wipro) has been involved in organizing series of art camps touching the lives of underprivileged children with age group of 8 - 16 from children's homes, Orphanages, slums & rural students.

The camp will be an opportunity for these kids to express their dreams through the medium of art- drawing & painting. We hope to make a fun day for the children along with a magic show and games - a day that will be etched in the children's memory forever. The child with their painting will be photographed. The joy and happiness that we hope to bring to the lives of these children so that they treasure them for a long time. The first camp was held at APSA - Dream School, Bangalore on 25th Sep 2010 where we covered about 200 underprivileged children.

The second art camp was held at Chiguru Balavikasa Samsthe, Magadi on 19th Dec 2010 where 70 children participated in a day long activities - an art camp followed by a cultural program & magic show.

Volunteer Participation in ILP

ILP is a Volunteer driven organization. Be it the efforts of conceptualizing MDLS, conducting an adventure trip for children at Group Freddy, teaching Maths and English to children, participating in the TCS 10 K Run, fund raising with corporate, conducting Life skills workshops for children – whatever it may be, Volunteers are our backbone. They have been rendering useful services to children / students on their education – in enhancing their understanding and realizing their dreams.

ILP has been able to nurture the culture of participation, collective working and negotiating for the best for the children. As it is Voluntary, we do recognize their pains, problems and concerns in sparing time with all odds they have. We have some new Volunteers joined this year and some who have been very experienced and long standing association have continued to give their support.

Jagdish Damania deserves mentioning as he ran 75K Ultra run to raise funds for ILP in November 10 organized by Runners for Life, Bangalore (runnersforlife.com/). He raised about a lakh of rupees to ILP and also became the 1st runner in that category. Similarly Jagdish with few more Volunteers is continuing to run monthly Marathon organized by 12 M 12M (12 Marathons in 12 Months) Bangalore where ILP is one of the Partner NGOs- <http://12m12m.in/ngos/>

Some of the key Volunteers like Manmohan Jain from Hyderabad, Charu Puri from Delhi and Pramod Sridharamurthy from Bangalore have joined ILP board after spending considerable time with ILP as Volunteers. ILP Bangalore Chapter has about 30 to 40 active Volunteers and ILP Hyderabad chapter also has a similar number to support the cause.

ILP Friends at RMV clusters Apartments with inspiration from Sindhu Naik mobilized story books, art materials like crayons, sketch pens, pencils and Stationery Items dictionaries for our community Libraries.

Infosys BPO Volunteers Visit to Community Libraries: Around 12 volunteers lead by Ms. Sowmya, HR Manager, visited Sanjeevini Nagar and Bainahalli community Libraries and distributed note books and other learning materials for 239 children, mobilized from their team in the company.

Support to NGOs working on Education and Child rights by ILP US and Planning, Monitoring and Evaluation assistance by ILP India

ILP is a registered Charity in the US and has been providing financial assistance to Partner NGOs in India that are working on access and quality related issues of education in remote clusters with disadvantaged sections. ILP normally encourages its partners to work on rights based approach, convergence strategy and in activating Government Pre Primary Child Care centres (called as Anganwadis and Balwadis) and Government Schools. To the extent possible, community mobilization and demand creation from community side is activated. Advocacy, lobbying, child rights, elimination of child labour and enforcement of child friendly measures are part of the projects programming.

ILP India is involved in providing Planning, monitoring and evaluation support, through its experienced members of BOT, Project Monitoring committee and volunteers, in terms of inputs and assistance on fine tuning the approaches, project monitoring and decisions on selection, implementation and reviewing of work undertaken to the voluntary organizations.

Significant developments

Presence in educationally backward regions amongst Madhya Pradesh and Orissa – that too among socially excluded groups – primitive tribes and are covered through the new projects.

Average cost per project has increased considerably to make the project interventions effective and wholesome.

Some of the partners who did not have the coverage of preprimary children were advised to cover them also.

All partners were advised to take up learning level assessments in their villages / schools.

All projects were visited and work was reviewed. Work taken up by various partners is progressing well in accordance with their goals and disbursements are made periodically to ensure flow of funds in time to smoothen the operations.

Key ILP Volunteers from the US i.e. Padmaja, Srikanth, Subhash, Sneha Mellkote, Keerthi Melkote, Praveen and Rajkishore visited various project operational areas (Sneha, CDF, UAC, Ganeswar Club) during the year.

EMC has extended partial project support towards Integrated Education Movement program in Sedam Taluk in Karnataka by CDF. Dining for Women has chosen ILP's Pragati's project support for the year 2012. Regal Corporate Advisors, Hyderabad have expressed their readiness to support one project in AP for which three new projects have been evaluated and options were given to the Donor. Sixteen proposals have been received from Bihar and Jharkhand region of which 6 organizations have been covered for Pre funding assessment. Three organizations were chosen for funding support during the financial year 2011 -12. One short listed organization in Bihar is yet to be given formal sanction for want of 12A registration.

ILP India Trustee Dr. H.S. Sudhira participated in the fund raising dinner of ILP held at California, USA on the 23rd October 2010. This enhances the understanding of Indian ILP team on the working of ILP US for fund raising and other matters.

ILP Hyderabad Chapter Initiatives

Assessment Test of Pustakam Session: ILP Hyderabad Chapter conducted the assessment test of Pustakam for the first time. This was started from 28th June, 2010 and continued for one week in six Govt. schools. This assessment helped the volunteers to understand the present knowledge level of students in English and their ability to learn further. The assessment will also serve as a baseline wherein impact of Pustakam sessions can be measured periodically.

Google Project in Mastan Nagar School, Visit by Mr. Jay Boren from Google, US: Mr. Jay Boren from Google, California had visited Hyderabad on 17th December 2010. On that day, he had visited Mastan Nagar School and spent time with the school children. Earlier, Mr. A.L. Rangarajan, Program Manager-Strategy, ILP had visited Hyderabad on 18th and 19th June 2010 to review the progress of various activities of ILP Hyderabad and to discuss plans for the future course of action.
